ORDINANCE NO. 174.

An Ordinance Prohibiting the Erection, Maintenance or Keeping or Operating any Private Hospital, or Sanitarium in the City Limits, and Defining Same.

Be it Ordained by the City Council of the City of Roswell:

Section 1.—That from and after the taking effect of this Ordinance it shall be unlawful for any person, firm or corporation to erect, keep, maintain or operate any private hospital, sanitarium or health resort institution within the limits of the City of Roswell, whether same be used for boarding, lodging and treatment of patients, or for boarding or lodging alone; and for the purpose of this ordinance a place shall be deemed to be a private hospital or sanitarium that is used or kept for the reception or use of guests afflicted with smallpox, varioloid, scarlet fever, scarlatina, tuberculosis, measles, diphtheria, cholera or any incurable disease; and any such private hospital, sanitarium or health resort institution within the City limits is hereby declared to be a nuisance.

Sec. 2.—It is hereby declared to be the duty of the Sanitary Policeman to give notice in writing to the owner, agent or keeper of any private hospital, sanitarium or health resort institution mentioned in the preceding section, to discontinue the use of same for such purpose, and if such notice be not complied with within five days after such notice, said policeman shall make complaint before the proper court and cause such person, firm or

GOVERNOR GILLETTE SENDS SPECIAL MESSAGE.

Sacramento, Cal., Feb. 5.—The house this afternoon decided unanimously to delay action on the Japanese school bill passed by the senate yesterday until Wednesday. Governor Gillette sent in a lengthy message in which he urged that the possible effect on the good relations between Japan and the United States was the all-absorbing question to be considered, and that President Roosevelt's characterization of this bill as the "worst of the lot" is sufficient argument against its passage.

JAPAN NOT EXCITED OVER THE ACTION OF NEVADA

Tokio, Feb. 6.—The adoption by the lower house of the Nevada legislature of the anti-Japanese resolution was received here with indifference. The leading newspapers commenting upon the action, point out the fact that Nevada is but a small state and did not necessarily represent the sentiment of the American people. Foreign minister Komura, in addressing the house of lords today, repeated verbatim the address made in the diet a few days ago. His speech caused no discussion.

CENSUS BILL MAY PASS OVER PRESIDENT'S VETO

Washington, Feb. 6.—An attempt will be made in the house, according to the leaders, to pass the census bill over the veto of the President. Action on the veto will be postponed probably until an opportune time next week. In his message the President said it was important that the taking of the census should not be open to suspicion of bias on personal and political grounds and that it shall be so conducted as not to be a waste of the people's money or become a

RUSSELL WILL START WORK AGAIN MONDAY.

Blacksmithing will be started on a small scale Monday morning at the J. B. Russell shop, at the corner of Second street and Pecos avenue, which burned to the ground only two weeks ago tomorrow night. fraud. He characterizes the section of the act providing for appointments to the census bureau by non-competitive examinations as a fraud upon the public.

BUT NOT SO NOISY.

There is a story going the rounds that is good enough to be true, says the Brooklyn Eagle:

"Are you to be literally understood when saying that your administration will be an exact duplicate of Mr. Roosevelt on the trusts?" asked a Washington friend of Mr. Taft.

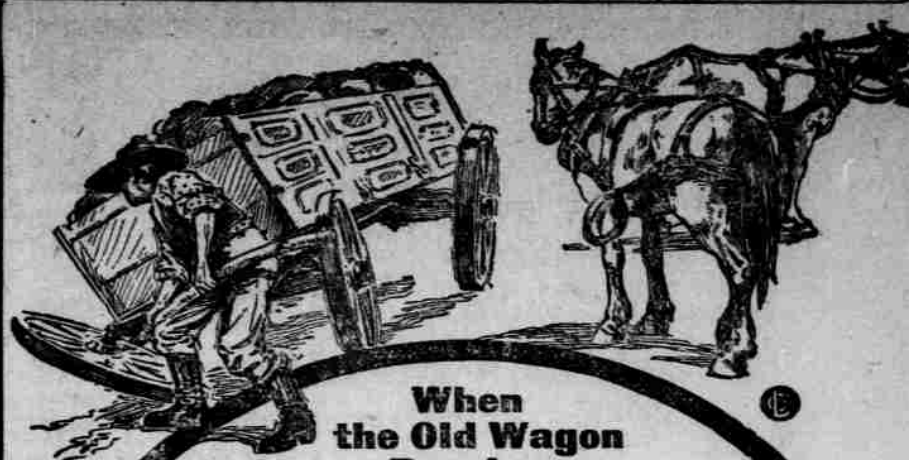

"I'll answer that question by telling you a story you once told me," said Mr. Taft.

"What was that story?" inquired the friend.

"It was this," said the president-elect: "A French lady was asked by an American woman, 'Is or is it not a fact that the ladies of Paris are less circumspect in their conduct than those of America?' 'Oh, they are quite as circumspect, but they are not so much addicted to making a proclamation of their virtue.'"

BOMB ENDANGERS MANY LIVES IN NEW YORK.

New York, Feb. 6.—Scores of people were thrown into a panic and the lives of several tiny scarlet sufferers may be lost as the result of the explosion of a bomb outside the vestibule of an east 75th tenement house early today. The police believe the so-called Black Hand responsible for the outrage. They say an Italian grocer, who occupied the store on the ground floor of the building had received threatening letters. The latter denies this. The

When the Old Wagon Breaks

Come in and get one of our line of Studebakers—the kind that stands up. If you have much hauling to do a Studebaker will pay for itself in a few months by saving you time and trouble and the expense of constant repairs.

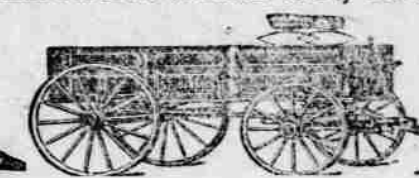

You Know the Studebaker Wagon

For more than fifty years its reputation has grown better every year. This reputation is due to the good quality that has always been a part of the Studebaker Wagons. Each part is made from the lumber that is best fitted for that part. New England black birch makes the best hubs—the Studebaker hubs are made of it. Butt cut, second growth black hickory is the best for axles—Studebaker axles are made of it. Selected white oak is best for spokes and running gears—that is what is used in the Studebaker Wagon. CROUP

THERE IS NOTHING that strikes terror to the hearts of parents more than to be awakened in the night by the ringing cough which accompanies an attack of croup. The child may retire with nothing but a slight cold and a few hours later the family be aroused by the ominous symptoms. Every home where there are small children should be prepared for these sudden attacks, as prompt treatment is necessary. Do not experiment with remedies of doubtful value, but get

CHAMBERLAIN'S COUGH REMEDY

that has been in use for nearly forty years and never known to fail.

Mr. Homer Krohn, of Lisbon, Iowa, in a letter to the manufacturers of Chamberlain's Cough Remedy praises this medicine for what it has done for his children. He says: "It has not only saved them once but many a time. Only two weeks ago my boy had the croup so bad in the night that had it not been for having a bottle of Chamberlain's Cough Remedy in the house he would have choked before a doctor could have gotten to the house. It is a medicine that no one should be without at any time." It is pleasant to take and many children like it.

"We guarantee every bottle of Chamberlain's Cough Remedy," says W. M. Parish, Palmerston, Ontario. "Out of the many bottles sold last winter not one was returned. We recommend it especially for children with croup." Chamberlain's Cough Remedy is famous for its prompt cures of coughs, colds and croup. When given as soon as the child becomes hoarse an attack of croup may be averted. This medicine is entirely free from narcotics or injurious substances of any kind and may be given to the little ones with absolute safety.

Attacks of croup are most likely to occur during the early winter months, and every family with young children should be prepared for it. Keep a bottle of CHAMBERLAIN'S COUGH REMEDY in your home. It only costs a quarter, large size 50 cents. Your druggist sells it.
